NITINAT LORUTHAI

Full Stack Developer

Career Objective

Fullstack Developer with a strong emphasis on Frontend Development, seeking to leverage my skills in creating dynamic and responsive web interfaces. Proficient in HTML, CSS, JavaScript, and React, with a solid understanding of backend technologies like Node.js and databases. Eager to contribute to a team where I can apply my frontend expertise while continuing to expand my fullstack capabilities to deliver comprehensive and innovative web solutions.

University activities

28 Sep 2022
Sx fair 2022 @ Queen sirikit National Convention Center
- Worked as a staff member at the Sealife Bangkok booth, where we presented current popular issues affecting the ocean. The booth highlighted specific problems and their impacts, providing examples to raise awareness among visitors.

13 Feb 2023
The Caster @ Chercharn Studio Ramintra65
- Participated in "The Caster" competition, which is a contest to find a new FPS game caster. I advanced to the audition round, becoming one of the top 45 finalists that year. The event was also broadcast live on the FPS Thailand channel.
